The Australian Intelligence Medal is a bi-metal construction of nickel-silver in antique finish and bronze colouring in a circular shape 38 millimetres. The obverse of the medal features a raised Federation Star. The centre of the Federation Star has a bronze coloured raised impression of a decagon, symbolising the ten agencies of the National Intelligence Community. The Federation Star is surrounded by an indented border, representing the twenty-four hour nature of intelligence. The central emblem is encircled by a contemporary laurel of a wattle which recalls the uniquely Australian nature of the award. The reverse features a border with the raised, polished words 'Australian Intelligence Medal' surrounding a space, where permitting, the recipient's name may be engraved.

Miniature Medal

The miniature of the Australian Intelligence Medal is a half-size replica of the Medal, suspended from a miniature ribbon 16 millimetres wide.

Medal Ribbon

The Australian Intelligence Medal is suspended by a ribbon 32 millimetres wide by means of a narrow nickel-silver in antique finish coloured bar. The ribbon features a central band of yellow, 5 millimetres in width, flanked by white graduating to midnight blue then to black.

Ribbon Bar

The ribbon bar of the Australian Intelligence Medal consists of a strip of full-size ribbon, 32 millimetres wide and 10 millimetres high, with no emblem.

Lapel Badge

The lapel badge of the Australian Intelligence Medal is a replica of the Medal, 10 millimetres in diameter.

Wearing

The Australian Intelligence Medal is worn on the left breast on all occasions when full-size orders, decorations and medals are worn.
